

**SUMMARY OF NOVEMBER 2018 BALLOT MEASURES**

<b>Proposition</b>	<b>DEM</b>	<b>REP</b>	<b>LAB</b>	<b>LWV</b>
<p><b>PROP 1:</b> <i>Authorizes Bonds to Fund Specified Housing Assistance Programs. Legislative Statute.</i> Creates affordable housing for veterans, working families, the disabled, seniors and the homeless—without raising taxes. Authorizes the sale of \$4 billion in state bonds to fund existing housing programs. Of that revenue, \$2 billion supports programs that aid renters and homebuyers with half of the money earmarked for veterans. The other \$2 billion supports the construction and improvement of low- and mixed-income housing, with a focus on infill and transit station areas.</p>	Yes	No	Yes	Yes
<p><b>PROP 2:</b> <i>Authorizes Bonds to Fund an Existing Housing Program for Individuals with Mental Illness. Legislative Statute.</i> Delivers housing with mental health services to alleviate chronic homelessness—without raising taxes. Issues \$2 billion in state bonds to fund supportive housing for individuals with mental illness at high risk for homelessness. Supportive housing allows coordinated care of individuals who need treatment and housing stability. Authorizes payment from the existing Mental Health Services Fund.</p>	Yes	—	Yes	Yes
<p><b>PROP 3:</b> <i>Authorizes Bonds to Fund Projects for Water Supply and Quality, Watershed, Fish, Wildlife, Water Conveyance and Groundwater Sustainability and Storage. Initiative Statute.</i> Issues \$8.8 billion in state bonds for water infrastructure, watershed restoration and drinking water safety. The infrastructure and water safety funds prioritize disadvantaged communities with allotments for safe drinking water and water quality; watershed and fisheries improvements; habitat protection; improved water conveyance; groundwater sustainability/storage; and surface water storage/dam repairs. Concerns include a shift of the cost for water from end users to taxpayers; a reduction in funds available for such essential areas as healthcare, education and affordable housing; and insufficient oversight and financial accountability.</p>	—	—	Yes	No
<p><b>PROP 4:</b> <i>Authorizes Bonds Funding Construction at Hospitals Providing Children’s Health Care. Initiative Statute.</i> Provides specialized care for two million seriously ill or injured kids a year, regardless of family income. Issues \$1.5 billion in state bonds to fund grants to children’s hospitals for construction, expansion, renovation and equipment projects. Valley Children’s Hospital is one of the private nonprofit children’s hospitals eligible for 72% of these funds. The balance of the funds would go to the UC system’s children’s acute care centers and to nonprofit hospitals caring for children eligible for government programs.</p>	Yes	No	—	No
<p><b>PROP 5:</b> <i>Changes Requirements for Certain Property Owners to Transfer Their Property Tax Base to Replacement Property. Initiative Constitutional Amendment and Statute.</i> Allows homebuyers who are age 55 or older to transfer their property tax assessment from an old home to a newly purchased home, with a limited adjustment, no matter the new home’s market value, the new home’s location or the buyer’s number of previous moves. Takes significant amounts of revenue from schools and local services, the effect of which would increase over time.</p>	No	Yes	No	No
<p><b>PROP 6:</b> <i>Eliminates Certain Road Repair and Transportation Funding. Requires Certain Fuel Taxes and Vehicle Fees Be Approved by the Electorate. Initiative Constitutional Amendment.</i> The state has critical needs for highway and street repairs and maintenance, and improvements to mass transit and overall transportation infrastructure. Repeals the 2017 state law that set aside funding for such maintenance. Requires that future fuel and vehicle tax increases be submitted as a ballot measure rather than being addressed by the state legislature. Reliable transportation is critical for getting to work, moving goods and supporting our economy.</p>	No	Yes	No	No

**SUMMARY OF NOVEMBER 2018 BALLOT MEASURES**

<b>Proposition</b>	<b>DEM</b>	<b>REP</b>	<b>LAB</b>	<b>LWV</b>
<p><b>PROP 7:</b> <i>Conforms California Daylight Saving Time to Federal Law. Allows Legislature to Change Daylight Saving Time Period. Legislative Statute.</i>                      Would modify the 1949 proposition that established Daylight Savings Time in California to newly give the state the option to enact year-round Daylight Savings Time. Encourages the legislature to consider implementation of year-round Daylight Savings Time. Would require a two-thirds vote of the legislature to change the period of Daylight Savings Time, make it year-round or stay on standard time all year. Any such vote at the state level would have to be approved by Congress. Supporters say that changing clocks twice a year increases electricity use and automotive fuel costs.</p>	Yes	—	—	—
<p><b>PROP 8:</b> <i>Regulates Amounts Outpatient Kidney Dialysis Clinics Charge for Dialysis Treatment. Initiative Statute.</i>                      Mandates that dialysis clinics improve patient care, update equipment and provide safe and clean facilities. Requires dialysis clinics to refund to patients any revenue above 115% of the costs of direct patient care and healthcare improvements. The fiscal impact is estimated to include savings of tens of millions of dollars annually associated with reduced government employee health benefit spending on dialysis treatment. The intent is to incentivize a focus on wages, facilities and technology while limiting costs to patients.</p>	Yes	No	Yes	—
<p><b>PROP 9:</b> <i>Removed from the ballot by order of the California Supreme Court.</i></p>				
<p><b>PROP 10:</b> <i>Expands Local Governments' Authority to Enact Rent Control on Residential Property. Initiative Statute.</i>                      Empowers local communities to limit ever-expanding rents. Repeals a previous law that prohibits local governments from enacting rent control on housing built after 1995. Maintains a legal requirement that landlords must be allowed to get a fair rate of return on their properties. The high cost of housing hurts seniors, families and those with a low or fixed income. The intent is to allow rent control to alleviate housing prices until new construction can end the shortage.</p>	Yes	No	Yes	Yes
<p><b>PROP 11:</b> <i>Requires Private-Sector Emergency Ambulance Employees to Remain On-Call During Work Breaks. Eliminates Certain Employer Liability. Initiative Statute.</i>                      Allows ambulance providers to require workers to remain on-call during breaks. This would create a special exception in state law that otherwise covers all private-sector hourly employees. Would negatively affect basic workplace protections for hardworking and dedicated emergency responders. Providers would be relieved of the cost of operating more ambulances to cover off-duty breaks. In addition, requires employers to provide EMTs and paramedics with some paid mental health services and extra training.</p>	No	Yes	No	—
<p><b>PROP 12:</b> <i>Establishes New Standards for Confinement of Specified Farm Animals; Bans Sale of Noncomplying Products. Initiative Statute.</i>                      Prevents cruelty to millions of farm animals by prohibiting unhealthy, cruel and extreme confinement. Aims to improve the conditions of calves, breeding pigs and egg-laying chickens. Adds an explicit minimum enclosure size to previous "humane cages" laws. Bans the sale of veal, pork and eggs knowingly produced in violation of minimum space requirements. By 2022, California egg production must be "cage free" with eggs sold in California from other states also having to conform to the same standards. Would likely reduce the risk of people being sickened by food poisoning and factory farm pollution. Authorizes specific state departments to enforce, where none were specified before.</p>	Yes	No	Yes	—

DEM: California Democratic Party; REP: California Republican Party; LAB: California Labor Federation; LWV: League of Women Voters.
