

*"Never doubt that a small group of thoughtful committed citizens can change the world. Indeed, it is the only thing that ever has."* — Margaret Mead

America's strength derives from people coming together and working for the common good. We believe in a strong economy that increases political, social and cultural opportunity. We believe in inclusion and equality so that all can reach their fullest human potential. We are committed to upholding our federal and state constitutions, protecting and defending our civil liberties and ourselves, and ensuring justice, freedom and equal opportunity.
